**ATTN. :** PENRO Palawan GAD Focal Point System

**FROM :** The OIC - Community Environment and Natural Resources Officer

**SUBJECT :** **SUBMISSION OF ACCOMPLISHMENT REPORT  
RELATIVE TO THE CONDUCT OF CAPACITY BUILDING  
ACTIVITY ON THE IMPORTANCE AND CONTRIBUTION  
OF WOMEN IN ENR MANAGEMENT**

Forwarded is memorandum report prepared by Sr. EMS Ma. Vivian O. Soriano, Chairperson, GAD Focal Point System regarding submission of accomplishment report relative to the conduct of capacity building on ENR management involving women within barangays covering watershed areas.

With the limited funds for the conduct of such activity, this office requested partnership and support from USAID Safe Water, an organization that provides assistance in watershed management. The USAID Safe Water had activities designed for women in communities of Aborlan and Puerto Princesa City and looking forward to collaborate with our office in strengthening the role of women in ENR and watershed management.

The purpose of USAID Safe Water trainings is to enable the people's organizations (POs) or communities on savings movement and popularize CoMSCA as tool towards financial resilience; to adopt sustainable practices in farming and enhanced knowledge of communities on basic organic vegetable farming and integrated farming system.

For the month of October 2022, the USAID Safe Water organized the following capacity buildings/trainings at Aborlan, Palawan with CENRO Puerto Princesa GADFPS as the resource persons on Environment and Natural Resources (ENR):

1. Capacity Building/Training on Establishment of Community Managed Savings and Credit Association (CoMSCA), October 4 to 5, 2022 (with twenty-seven (27) all women participants)
2. Capacity Building/Training on Soil Collection and Sampling, Organic Vegetable Farming, and Demo Farm Establishment, October 18, 2022 (with forty-eight (48) participants consisted of twenty (20) males and twenty-eight (28) females)

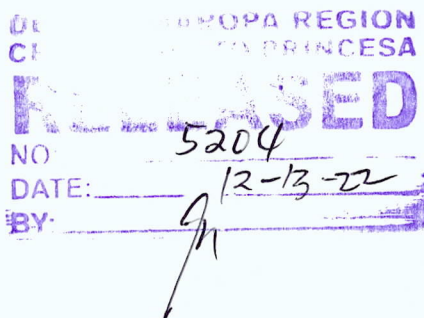

The topics discussed by the GADFPS members of this office includes the following: DENR information; National Greening Program (NGP), Environmental Laws; Importance of Watershed; and Role of Women in Watershed Management. Likewise, lecture on Gender and Development (GAD).

Attached are photo documentation, letter/communication and attendance sheets.

For your information and record.

**MEMORANDUM**

**FOR :** The OIC - Community Environment and Natural Resources Officer

**FROM :** The Chairperson, GAD Focal Point System  
CENRO Puerto Princesa

**SUBJECT :** **SUBMISSION OF ACCOMPLISHMENT REPORT  
RELATIVE TO THE CONDUCT CAPACITY BUILDING  
ACTIVITY ON THE IMPORTANCE AND CONTRIBUTION  
OF WOMEN IN ENR MANAGEMENT**

In order to address one of the gender issues: Limited Participation of Women in Sustainable Management of the Environment and Natural Resources (ENR), the CENRO Puerto Princesa has a target to conduct capacity building on ENR management involving women within barangays covering watershed areas.

The said target has an allotment of Php 10,000.00 from the GAD imposition fund which the office used for the travelling expenses of the GADFPS members and purchasing of thirty (30) pieces reusable tumblers. With the limited funds available to conduct such activity, this office requested partnership and support from USAID Safe Water through our letter dated September 14, 2022 addressed to Engr. Ryan Fuentes, Field Technical Manager of USAID Safe Water Project Palawan.

On September 19, 2022, the USAID Safe Water replied to our request informing the office that they had activities designed for women in communities of Aborlan and Puerto Princesa City and they are looking forward to collaborate with our office in strengthening the role of women in ENR and watershed management.

For the month of October 2022, the USAID Safe Water organized the following capacity buildings/trainings at Aborlan, Palawan with CENRO Puerto Princesa GADFPS as the resource persons on Environment and Natural Resources (ENR):

3. Capacity Building/Training on Establishment of Community Managed Savings and Credit Association (CoMSCA), October 4 to 5, 2022
4. Capacity Building/Training on Soil Collection and Sampling, Organic Vegetable Farming, and Demo Farm Establishment, October 18, 2022

The purpose of USAID Safe Water trainings is to enable the people's organizations (POs) or communities on savings movement and popularize CoMSCA as tool towards financial resilience; to adopt sustainable practices in farming and enhanced knowledge of communities on basic organic vegetable farming and integrated farming system.

During the Capacity Building on Establishment of Community Managed Savings and Credit Association (CoMSCA) held on October 4 to 5, 2022 at Tagcodec, Barangay San Juan, Aborlan, Palawan, ECOMS I Arlene B. Basaya, GADFPS member discussed DENR information and National Greening Program (NGP) while the undersigned, conducted lectures on Environmental Laws; Importance of Watershed; and Role of Women in Watershed Management. Likewise, lecture on Gender and Development (GAD) was also presented to the participants to enhance their awareness.

The twenty-seven (27) participants of the said training are members of Ma'res Nga Mga Babay Kat Barangay Sagpangan, an all Women IP Group in Barangay Sagpangan, Aborlan, Palawan. The participants were also provided with reusable water tumblers to promote "no to single use plastic" and the use of eco-friendly materials in order to help save and conserve the environment and our planet earth.

On October 18, 2022, this office was again invited by USAID Safe Water to provide lectures on ENR and watershed management during the Training on Organic Vegetable Farming and Demo Farm Establishment held at DosFourDos Farm, Magsaysay, Aborlan, Palawan. The undersigned, discussed Environmental Laws, Importance of Watershed; and the Role of Women in Watershed Management. A brief lecture on Gender and Development (GAD) was also provided.

A total of forty-eight (48) participants attended the said event consisted of twenty (20) males and twenty-eight (28) females coming from different barangays in Aborlan, Palawan. Some of the participants are Indigenous Peoples living within and adjacent the watershed area. Vitamins and Tayo ang Kalikasan Bamboo Ballpens were distributed to the participants.

Attached are photo documentation, letter/communication and attendance sheets.

For your information and record.

National Highway, San Pedro, Puerto Princesa City

Sir:

Environmental Greetings!

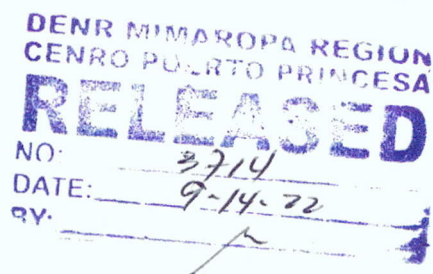

This has reference to the activities of the Gender and Development Focal Point System (GADFPS) of CENRO Puerto Princesa for CY 2022. One of the activities is to conduct training/capacity building/workshop on the importance and contribution of women in ENR management. The conduct of said activity seeks to address the gender issue on the limited participation of women in sustainable management of the environment and natural resources. The target participants are women in barangays covering watershed area.

In this regard, may we inquire if USAID Safe Water has lined-up activities involving women particularly within watershed areas of Puerto Princesa City and Aborlan, Palawan. We would be grateful if we can be part of one of your activities or you can provide this office support/assistance in the conduct of such activity.

Hoping for your favorable response and consideration on the matter.

Thank you and best regards.

Very truly yours,

  
**PEDRO A. VELASCO**

Dear CENRO Pedro A. Velasco,

Thank you for your letter. We do have GAD activities designed for women in watershed communities of Aborlan and Puerto Princesa. We will be coordinating Safe Water's schedule of these activities with your GADFPS.

We look forward to collaborating with your office in strengthening the role of women in ENR and watershed management.

Sincerely,  
Ryan

Dear CENRO Pedro A. Velasco and Ms. Ma. Vivian O. Soriano,

Greetings!!!

This is to inform you that USAID Safe Water activities will facilitate Training on Soil Collection and Sampling, Organic Vegetable Farming, and Demo Farm Establishment, and Orientation on Farm Konek Digital Marketing Platform of Project Zacchaeus in Aborlan in two batches on October 18-21, 2022 (Batch 1) and October 24-27, 2022 (Batch 2). The training will enable people's organizations (POs) or communities to adopt sustainable practices on their farms and enhanced knowledge of communities on basic organic vegetable farming; integrated farming system; watershed protection, conservation, and management; and the crucial role of women in water resource management.

As part of the activity, you or your office were scheduled to talk or present watershed protection, conservation, and management and the crucial role of women in water resource management on October 18, 2022 (10:00-12:00) for Batch 1 in Dos Four Dos Farm, Barangay Magsaysay, Aborlan and October 24, 2022 (10:00-12:00) for Batch 2 in Covered Court Gym, Barangay Apurawan, Aborlan.

Please feel free to contact Ms. Maryjune Calubag, USAID Safe Water Livelihoods and Partnerships Coordinator, at her mobile number 0917 143 4316 for any questions and concern.

Thank you.

Best,

Jackie
