**HIGHLIGHTS OF THE DALAW-TURO ACTIVITY FOR SK CHAIRPERSONS OF
SAN ANDRES AND CALATRAVA DATED MAY 25, 2023 AND FOR SK
CHAIRPERSON OF SAN AGUSTIN DATED MAY 26, 2023**

RATIONALE

One of the effective ways to reach the stakeholders is to educate them either formal or informal way. The Information, Education and Communication (IEC) campaign is an avenue for PENRO Romblon to disseminate its plans and programs and to encourage stakeholders to take part in the protection of the environment and natural resources. Youth, as an integral part of the community, having an active mind and passionate heart plays a vital role to achieve a more environment-friendly society.

DALAW-TURO is a form of environmental lecture conducted mostly at schools and target students as the audience of the activity. But, this year, seeing the need to educate those who are in positions that have the power to implement and influence society becomes the focus of PENRO Romblon. Sangguniang Kabataan (SK) are strategic men who hold positions whom we believe have the capacity to initiate change in favor of our environment and natural resources.

Sangguniang Kabataan (SK) chairpersons of San Andres, Calatrava and San Agustin were selected to be the target audience of this year's DALAW-TURO. These 3 municipalities which cover the management of the CALSANAG Watershed Forest Reserve are priority stakeholders to raise environmental awareness, especially in the protection of the only watershed in Tablas Island. The lecture for San Andres and Calatrava SK Chairpersons was conducted at San Andres SB Session Hall dated May 25, 2023 and for SK Chairpersons of San Agustin was at Mabuhay Hall, San Agustin, Romblon dated May 26, 2023.

ACTIVITY PROPER

The activity started with the usual preliminaries. The opening message was delivered by the Chief MSD, Thelmo S. Hernandez. His message focused on the encouragement to the SK chairpersons to use their position to create a good influence in society, especially on their co-youth. He also asked them about the common environmental problem that most are experiencing today; to which the participants responded as increasing volume of waste. He further encourages them to listen carefully and be equipped with knowledge through the resource speakers.

The first lecture was the Introduction to the DALAW-TURO and Youth for the Environment delivered by the Information Officer, Eunice May A. Cacabelos. Participants were first oriented with the Vision and Mission of the DENR, followed by the role of youth in the protection of the environment. With the famous quote of Dr. Jose Rizal "Ang Kabataan ang Pag-asa ng Bayan", the role of youth is indispensable in attaining a greener and healthier environment. Many laws and resolutions were passed to protect the environment and preserve the remaining natural resources and the participation of youths in the promotion of these laws/resolutions will produce a great result.

Next topic was the Orientation of the Tayo Ang Kalikasan delivered by Ms. Dolly Jane F. Falcutilla, the PENRO's alternate focal for Task Force Tayo Ang Kalikasan. The objective of the Tayo Ang Kalikasan is to develop a sense of ownership among the stakeholders by taking responsibility for the protection and preservation of the environment and natural resources. The love for the environment must be put in heart, in mind, and in action, and use every possible medium to encourage more partners in this endeavor. At the end of this lecture, participants recited the tagline "Ikaw, Ako, Tayo Ang Kalikasan".

Next topic discussed was the Orientation of CALSANAG Watershed Forest Reserve delivered by Raymund G. Inocencio, Chief of Planning and ICT Section and Concurrent PASu of CALSANAG WFR. This topic develops a wider understanding of the youths on the importance of watersheds which their municipality is blessed with.

The last topic was the Orientation on RA 9003 or the Ecological Solid Waste Management Act of 2000 discussed by Monaliza G. Peralta, Planning Officer I. This topic emphasized who are the waste generators and how waste should be disposed of properly. Also, given emphasis was the segregation at source and segregated collection which is indispensable in a successful ESWM program.

After all the lectures were delivered, two of the participants gave an impression of the conducted activity and both of them expressed gratitude for the informative sessions. Chief MSD Thelmo S. Hernandez left a message of encouragement and expressed his hope for the change that will spark through the participants. A certificate of appreciation was awarded to the participating SK Chairpersons.
