Sir:

Environmental greetings with spirit of good environmental governance.

The undersigned would like to request consideration for the amendment of effectivity of his retirement instead of August 1, 2023 be it to effect on February 1, 2024. Much of his desire to retire on said date but due to his findings having a big outstanding balance on various loans in the Government Service Insurance System (GSIS). The extension of his retirement would be of great help to lessen his outstanding balance and may give a little bit a sound financial stability.

Hoping for consideration. Thanks in advance.

Respectfully yours,

GEORGE R. DELA PENA
Land Management Officer II
