• **Impression/Comments:**

The conducted Learning Event is very useful in the procurement system. The Resource Speaker enable to impart her knowledge on how to navigate and use the MPhilGEPS. Although we experienced difficulty to fully understand the video demonstration on how to navigate in the mPhilGEPS because of internet interruption and multi-tasking in the Office while attending the virtual training, the learning event so far was very fruitful.

II. RELEVANCE OF THE LEARNING EVENT TO PARTICIPANT'S WORK/FUNCTION:

The conducted Learning Event is so timely and significant for the procurement practitioner to familiarize with the features and functionality of Philippine Government Procurement System. As a BAC Member, this training is very useful because I've been oriented in the functionality of mPhilGEPS as well its uses and benefits to the government as well as to the merchants.

II. RECOMMENDATIONS:

In the future learning event to be conducted, all the BAC Member must attend face to face in order to focus on the lectures and there must be hands- on practice to enable participants to be familiarize with the mPhilGEPS.
