BUSINESS PLANS / PROGRAM AS LUMBER DEALER

The Regional Executive Director

DENR, Region IV, MIMAROPA

Roxas Blvd, Ermita, Manila

Sir,

In compliance with Forestry Administrative Order No. 1, Series of 1970. I have the honor to submit herewith my Business Plan/Program as lumber Dealer with place of operation at Sitio Arado 1, Poblacion, Taytay, Palawan in connection with my application and issuance of Certificate of Registration as Lumber Dealer.

I. MARKETING PROGRAM

A. PRODUCTS

The products to be purchased and sold consist of different species of lumber/flitches/logs mostly from planted trees on titled land and other tenured areas. The program involved the measurement of lumber purchased from legitimate suppliers.

B. PRICING STRUCTURE

The selling price of lumber will be taken into consideration. There are some factors that influence the pricing structure of lumber, these are cost of purchases, quality and groupings of lumber and other operational expenses. However, lumber price

ranges from P 30.00 to P 35.00 pesos per board feet (Pick-up) depending on sizes and species, additional P2.00 pesos per board feet (delivery) for within 15 kilometers from the lumber yard, additional charges beyond 15 kilometers.

C. DISTRIBUTION CHANNEL AND OUTLETS

The lumber products will be sold to buyer, wholesaler or retailer to local market within the Province of Palawan preferably in the Municipality of Taytay, However, we can also sell the lumber to contractors of various National and Municipal Government and to the general public as a whole.

D. USE OF PRIVATE AND GOVERNMENT PROMOTION FACILITIES

No private or government promotion facilities will be utilized or tapped. Our promotional efforts are mainly concentrated on customers who will visit and purchase their lumber requirements. The marketing requirement and / or facilities consist of one (1) top down tricycle and one (1) Elf Truck which shall be used in the delivery of the lumber purchased by the customers.

II. PROMOTIONAL PROGRAM

A. DEVELOPMENT PLAN

The total area is 40 x 40 meters that will serve as garage of Top down tricycle and Elf Truck and stock pile for lumber supplies the establishment is about 10 x 20 meters that will serve as the lumber yard. Portion of the lumber yard will be used for display of lumber, and also quarters of the laborers / employee.

B. PROCESSING SCHEDULE

The establishment does not directly process lumber into finish forms. Minor processing such as trimming and planning will be made. These will be done as the demand arises upon request of customers.

C. EMPLOYMENT RECORD

The business is only single proprietorship wherein the owner is at the same time the manager. The mode of payment is based on the marginal profit of the business. There will be employed laborers who will be assigned in the procession and maintenance of the lumber yard. These laborers are paid on the daily minimum wage per day plus allowance. Rest days during Sundays and holidays were also observed sometimes.

D. COST OF REDUCTION PROGRAM

Unnecessary developing activities shall be eliminated. Every correction and full consumption shall be reduced to minimum.

E. WASTE UTILIZATION PROGRAM

Since the lumber to be purchased is already into desired size, thus, no waste materials expected. However, then management will see to it the premises of lumber yard be always be clean during the operation. Debris and other scattered waste shall be disposed of carefully.

F. POLLUTION CONTROL MEASURES

No chemical shall be used that may pollute the surrounding. However, the company shall see to it that the waste materials shall be disposed properly.

To whom it may concern,

Good day!

This statement clarifies why we can't be able to submit the full Quarterly Report and Disposition of lumber from First quarter to Third quarter of the year.

I, Elmer B. Diokno owner/manager of EBD WOOD PRODUCTS TRADING received our Certificate of registration with registration number DENR MIMAROPA REGION 2022-002(new) as certified lumber dealer was in February 28, 2022. We are still made a lot of preparations to start the operation of business specifically the municipal permits, the additional funds also the unexpected situation in the family which requires attention for almost four months cause us delayed for operation. Month of September 2022 we have not yet transported the lumber from the plantation to the store area, but there are some buyers of lumber who are only in the same area so we did not get transport permit but it is only a few, approximately not more than 2000 board ft. The preparation of the transportation was in October 2022. The transportation from plantation to the store area was started in November 2022.

Thank you for your consideration and understanding.

Respectfully yours,

ELMER B. DIOKNO
