SUBJECT : **PROGRESS REPORT FOR THE SURVEY AND REGISTRATION OF PROTECTED AREA OCCUPANTS USING SOCIO-ECONOMIC ASSESSMENT AND MONITORING SYSTEM (SEAMS) IN MTS. IGLIT-BACO NATURAL PARK (MIBNP)**

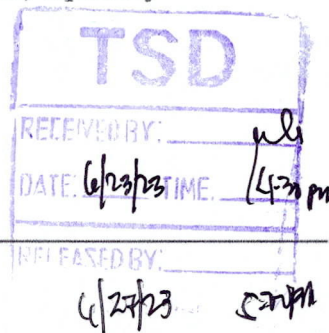

In line with the service and commitment of the Mts. Iglit-Baco Natural Park-Protected Area Management Office (MIBNP-PAMO) to provide field implementers a standardized method in assessing and monitoring socio-economic condition of occupants in the protected area, respectfully submits herewith the progress report of the Socio-economic Assessment and Monitoring System as of June 19, 2023.

The monitoring and validation covers the following:

- Coordinated to concerned IP leaders of Sitio Bato Singit, Natub, Albunan, Maet, Ugon-ratag, Baranggay Manoot Occidental Mindoro and Sitio Bangkudo, Tagurades, Bayanan, Apton, Baranggay Burgos Sablayan Occidental Mindoro. The coordination is to discuss the purpose, importance and benefits of the assessment specifically with regards to the provisions of the SEAMS and NIPAS Act.
- On April 2023, the MIBNP enumerators conducted interview at Five (5) Sitio in Baranggay Manoot using the Survey and Registration of Protected Area Occupants (SRPAO) Form 6. The enumerators listed an approximate number of Three Hundred Forty-three (343) Indigenous People residing inside the protected area.
- On May 2023, the team went to Sitio Bangkudo, Tagurades, Bayanan and Apton, located in Baranggay Burgos Sablayan Occidental Mindoro but the Sitio leaders refused to conduct interview. However, they stated that the number of occupants in 2017 were still the same number in the present year.
- Created a map as visual and spatial representation of the data gathered. This is to identify and locate sources and values of the various ecosystems in the PAs.
- The team started the data cleaning, encoding, and processing using the SEAMS encoding tool.

The conduct of the Socio-economic Assessment and Monitoring System intends to establish a baseline useful in planning and determining the appropriate management interventions that will provide improvements in the lives of the communities within and around protected areas, especially the indigenous peoples.
