Hi! I am an employee from Geotechnics Philippines, Inc. I would like to request a barangay boundary map of the Philippines, especially in Pangasinan since my most recent project is situated in Bugallon, Pangasinan.

We write geotechnical reports consisting of site characterization and hazard assessment for different projects around the Philippines.

It would be of great help if you could provide us a barangay map (in KMZ/KML file if available) which we can incorporate in our reports. Rest assured that proper citations will be included.

Hoping to hear from you.

Thank you very much.
