We formally request the Barangay Administrative Boundaries Shapefile for the entire country to develop maps for monitoring our Community Development Fund Projects. The shapefile is crucial for accurately delineating administrative divisions at the barangay level. These maps will enable us to track project progress, analyze impact, and make informed decisions. We kindly ask for the shapefile in a GIS-compatible format such as Shapefile (.shp). Your assistance in providing this data will greatly enhance the effectiveness and transparency of our monitoring processes. Thank you.
