**SUBJECT :** REQUEST FOR DISTRIBUTION OF PHYSICAL  
PERFORMANCE/TARGET OF MT. GUITING-GUITING  
NATURAL PARK UNDER MONITORING AND VALIDATION OF  
PROTECTED AREA OCCUPANTS BASED ON SRPAO FOR CY  
2023

Respectfully requesting the distribution of physical performance/target of Mt. Guiting-Guiting Natural Park under the monitoring and validation of PA occupants using the SRPAO/SEAMS Questionnaire I.

Based on the Work and Financial Plan for CY 2023, under Natural Resources Conservation and Development Program, (II) For Proclaimed and Legislated Protected, the Mt. Guiting-Guiting Natural Park had a target of forty – nine (49) recognized tenured migrants. The monitoring of tenured migrants for 1<sup>st</sup> Quarter is forty (40) households while the remaining nine (9) will be accomplished by 2<sup>nd</sup> Quarter. We are respectfully requesting to extend the date of target accomplishment and allow us to distribute the monitoring of tenured migrants until the 3<sup>rd</sup> Quarter of 2023. Since Mt. Guiting-Guiting Natural Park has a rough terrain, the SRPAO team had difficulty in accessing the households particularly since we don't have hired Enumerators to assist the team in monitoring the tenured migrants. We humbly request to allow us to move the forty (40) target households to the 2<sup>nd</sup> Quarter of CY 2023 where the weather will be favorable to the team since it is considered to be dry season in Sibuyan Island during March – May. While the team will monitor the nine (9) households for 1<sup>st</sup> Quarter of CY 2023 as part of our target activities.

We are hoping for a favorable action and approval on this matter.

  
**MANUEL B. ROMERO**
