THE DIVISION MANAGER A

Bayanan II, Calapan City

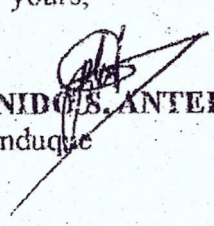

Oriental Mindoro

Sir,

Upon assessing the current conditions and restrictions with the project, we think that the most fitting recommendation that we can give is to differ the Bangtingen SRIP, Buenavista, Marinduque. This is due to the "Kapayahan Bilang 50-2018" of Sargguniang Barangay of Bangtingon, Buenavista, Marinduque refusing the implementation of the said Irrigation Project. With this, we would like to point out and put emphasis on the fact that since CY 2012 we have constantly been reaching out and informing involved parties about the project. Numerous information dissemination has been made in order to enlighten the citizens about the project and the good impact it would have in their community when completed.

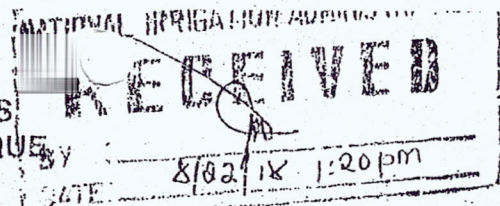

Thank you very much and more power.

Very truly yours,

CALL TO ORDER

On the side of the Sanggunian Bayan of Buenavista, Marinduque, the Regular Presiding Officer & Vice-Mayor called the session to Order.

Likewise, Hon. Mario C. Francisco II called the session to order on the part of the Barangay Bagtingon. Hon. Florentino B. Pinaroc led the prayer followed by the singing of the National Anthem.

Everybody was present and there was a quorum.

ORDER OF BUSINESS

1. ISSUES and CONCERNS regarding the Proposed Small Reservoir Impounding Project (SRIP) – a NIA project at Brgy. Bagtingon.

The Chairperson, SB Committee on Rules and Privileges gave the prefatory Speech relative to the NIA SRIP, and the Barangay Resolution passed withdrawing their support on the said project and thereby asked for the reading of the minutes to know what really transpired.

Thus, the barangay Secretary, Heizel Faderogao had read the minutes dated August 8, 2018.

After hearing the content of the said minutes, the Presiding Officer, Hon. Hannilee R. Siena asked if there was a deliberation made to the Body.

Hon. Mario C. Francisco answered that he conducted a new meeting with the new set of council.

Hon. Florentino B. Pinaroc stressed that said resolution was not properly deliberated upon, they just voted. It was not meticulously deliberated upon and the previous resolution was not considered, even the previous minutes was not considered. Thus, it will be going back to zero."

There was an assumed motion from the Chair for the suspension of some suspended House Rules to entertain invited visitors for NIA and Irrigators Association.

The Presiding Officer strongly expressed her sentiments regarding the concerned issues to quote, the Mayor and Sangguniang Bayan welcome 100% the SRIP project, ito ay pakikinabangan hindi lamang ng mga taga-Bagtingon kundi pati ng mga magsasaka ng Brgy. Daykitin, Caigangan hanggang Malbog. Nagkaroon na ito ng consultation sa mga tao at nakalaan na rin ng pondo ang NIA."

Hence, posed the following queries:

1. Ano ang nangyari na pag-uusap?
2. Bakat na sway?

Although, the Presiding Officer also understood the worries of the people in the Bagtingon, "na babahain at lulubog ang Bagtingon."

Mrs. Evelyn Falcan was given the floor wherein she cited that from Oct. 15, 2012 until March 22, 2018 several meetings with the Barangay, Sangguniang Bayan and PAMB (Protected Area Mgt. Board) were already conducted. Out of 38 families affected in the Dam Site only 7 did not sign their consent; while 55 families affected in the line canal, only 2 did not give their consent.

Hon. Mario C. Francisco II explained to quote that, "nagkaroon ng joint session before. After that, hindi na nag conduct ulit."

Hon. Florentino B. Pinaroc was wondering and wanted to recapitulate why they objected and reasons for that objections."

At this instance, the Vice-Mayor gave everyone a chance to voice out their opinions on the said matter.

Hon. Herminigildo L. Malapote Jr. gave a heartwarning speech on that matters to quote:

'Ang mga Irrigator's Association ay nagpahayag kung gaano ang importansya ng project na SRIP. Kung ito ay hindi na matutuloy, wala ng pondong matatanggap mula sa National Government, habang panahon at habang buhay na lang tayong aangkat ng bigas mula sa ibang probinsya-Lucena at Mindoro habang buhay na maging tiwangwang ang mga lupain. At tulad ng sinabi ni Ginoong Herance, may mga bumili pa ng lupang masasaka. Sa kasaysayan ng proyekto, ang unang mabibiyayaan or magkaroon ng benepisyo ay ang mga magsasaka ang mga tao mismo ng Barangay Bagtingon. Ito ang kahalagahan ng proyekto at napakalaking kawalan kapag ito ay hindi matuloy."

In defense, Kgd. Joseph Siena defended his decision to say no to the project in saying to quote, "hindi din siya pumirma sa dati; bilang Committee Chairperson on Environment, ang kabuhayan ng mga taong maapektuhan ay niyogan 50% source of living. Ang mga mamamayan ng Bagtingon ay umaasa sa kanya. Pano ang kinabukasan ng mga umaasa sa niyogan?; Phase I pa lang ng project ay hindi na siya sang-ayon."

Kgd. Harry Confesor added, "ang area ay sakop ang wildlife sanctuary, at noong nagkaroon ng ocular visit, sinabi noon na 15 meters lang ang taas ng SRIP bakit 27 meters na?"

Anent to that statement, Hon. Roland V. Seco inquired to quote, 'kung may ebedensya na nakasaad kung 15 meters, at hindi 27 meters ang taas ng project?"

Hon. Antonio E. Grate Jr. added, "kung noong nagkaroon ng 12 barangay consultations by NIA at walang malawakang pagtutol", the latter asked. And Mrs. Guzman answered, "wala".

Once again the Presiding Officer reiterated, "give the project the chance, at nagtataka sa pagtutol."

Hon. Eduardo L. Pampola voiced out also his concern saying, "ako ay nagamahal ng kalikasan at isang magsasaka. Gustong malaman ang total area of Bagtingon na maapektuhan? Dahil inaalala din ang Climate Change kaya nagatanong kay Engr. Bert Fabrero, gaano katas, ang pundasyon; kaya hinahanap ang luwang at hindi nakita. Dapat ay i-presenta para maliwanag sa lahat.

At hindi gumagawa ng proyekto ang gobyerno na ikakapahamak ng mamamayan," the latter capped.

The NIA representative explained that, its was properly presented to the barangay and Sanggunian Bayan the project and its plan.

The Presiding Officer wanted to be clarified on the part of the Sanggunian Barangay," walang hands-on sa project, hindi sila kasama sa pag-gawa ng

project which should not be the case. The Barangay should have a lot to say in the implementation of the project. An alternative livelihood should also be included in the plans.

Assumed motion from the Chair for a 15 minutes break.

Upon the resumption of the Session, the Presiding Officer, once again appealed from the Sanggunian Barangay of Bagtingon to give the chance to conduct a barangay consultation in line with the Resolution passed, since, the barangay will have a big say on the project and once again, will request for the copy of the MOA from NIA and the Global Tenets to also present to the SB, PAMB to have a dialogue also with the SB.

Hon. Mario C. Francisco II stressed, "dapat malaman ulit ang katanungan ng mga ka-barangay, hence, suggested to hold a general assembly.

The Vice-Mayor promised to attend said general assembly saying, "ipaliwanag ang kabuuhan ng project, the pros and cons, let's hear the voice of our people."

Hon. Herminigildo L. Malapote Jr. added, "simpleng paliwanag, tanungin kung ano ang gusto ng mga kababayan.

In conclusion, Hon. Mario C. Francisco II pointed out, "ipahayag at kung ayaw ng mga mamamayan ay ito ang masusunod, pakinggan ang sentiments ng mga tao.

ADJOURNMENT

Having no matters to be taken up, the special session ended up at 12:35 p.m. upon an assumed motion from the Chair.

I HEREBY CERTIFY to the correctness of the foregoing minutes.

HON. HANNILEE R. SIENA
Municipal Vice-Mayor
Buenavista, Marinduque

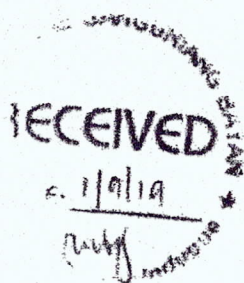

Dear Vice-Mayor Siena:

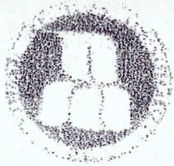

This has reference to your letter dated 27 November 2018 addressed to the Regional Manager William P. Ragodon of NIA MIMAROPA Region. Attached to this letter was the Resolution No. 155-2018 of the Sangguniang Bayan of Buenavista, Marinduque which states the strong support for the immediate continuation of the construction of the Bagtingon Small River Irrigation Project with a total estimated program amounting to five Hundred Million Pesos (Php 500,000,000.00). The said letter was received at our satellite office in Marinduque on 29 November 2018. Then, the original copy of the letter was sent through a courier and was received by our office on 03 January 2019.

Please be informed that the construction of Bagtingon SRIP was put to a halt due to the following reasons:

1. Even with the continued efforts to reduce the difficulties that arise with the construction of Bagtingon SRIP, there are still problems with the acquisition of the Right of Way.
2. Another issue comes with the failure to secure one of the requirements in order to proceed with the construction of the said project. There has been continuous communication with the Protected Area Management Board (PAMB) for the PAMB clearance but currently, it is still being processed.
3. Even with the numerous information dissemination made in order to enlighten the citizens about the project and the good impact it would have in their community, the Sangguniang Bayan of Bagtingon submitted a resolution that refuses the implementation of the said project. (See attached copy of the resolution).

On the part of National Irrigation Administration, we have continuously made effort for the continuation of the Bagtingon SRIP. And as a local government unit whose sole purpose is to provide means in improving lives of its residents, we urge you to assist us in providing solutions for the issues and concerns in order to push through the implementation of Bagtingon SRIP.
