Re: Request of Consideration about Confiscated Chain-saw during Quarantine

Dear Sir,

In **2020** when the Province of Romblon imposed a total lockdown to negate the impact of the Covid pandemic, my friend was caught working outside cutting trees using my chainsaw. Because of violation of Lockdown policy, the chainsaw was confiscated.

Now that the Covid pandemic was declared over by the President himself, I am requesting if I can have the chainsaw back. The only reason why I let my friend borrowed the chainsaw and used it during the lockdown was to help him find a way to feed his family. He needed to repair his small boat which he uses for catching fish to earn a living.

We understood fully the consequence of our action and we regretted it. Given the chance of having our chainsaw back, we also promise to volunteer with works that will help the community especially during typhoons when severe storms result to trees being cut down and block roadways and damage public infrastructures.

Hoping for your kind consideration. The chainsaw is also a mean for us to earn a living hence, your consideration and understanding will really help.

Sincerely,

Mr. Oscar A. De Jesus
