Dear CENRO Gonzaga:

Environmental Greetings!

As part of our continuous marine protection efforts, the Berong Nickel Corporation (BNC) thru its Mine Environmental Protection and Enhancement Office (MEPEO) watched over another sea turtle nest found along the coast of Sitio Tagbolante, Barangay Berong, Quezon, Palawan last February 12, 2023 while conducting regular patrolling and monitoring in the said area.

On 9 April 2023, fifty-two (52) days after the nest was discovered, MEPEO personnel released sixty-seven (67) newly hatched sea turtles. To date, a total of seven hundred thirty-five (735) baby sea turtles were successfully released by the company since it started the Pawikan Conservation Project in year 2018. Photo documentations are provided in the next page.

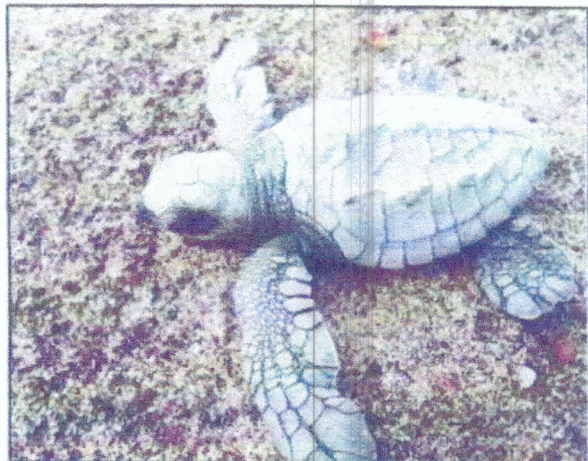

For your information.

Sincerely,

JAY PEE R. DELA CRUZ
MEPEO/Pollution Control Officer

Caring for the community, caring for the environment.
