I. EVALUATION OF THE COURSE:

• Technical Content:

Deputation is an effective way for a law enforcer to have the power to impose the law that not covered by his mandate. These will be important in order to intensify the protection of environment and to strengthen and expand the power of agency when it comes to implementation of environmental laws and policies

The resource speakers presented the MGB policy and guidelines for issuing permit and clearances. Speakers also discuss the Compliance and Monitoring of the issued permits.

• Impression/Comments:

I learned a lot on this training particularly in the enforcement of laws and regulations, how to issue apprehension receipts seizure orders and notices of administrative hearings. I learned also on how to deliver the offender including the apprehended products, tools/ equipment and conveyance and coordinate the appropriate official designated by the law to conduct preliminary investigation which is very helpful in my current designation.

II. RELEVANCE OF THE LEARNING EVENT TO PARTICIPANT’S WORK/FUNCTION:

This training is very helpful for me because I am a Forest Ranger of CENRO Taytay and assigned in Forest Product monitoring Station. As one that has no background on mines and geology, I don’t understand fully what are the proper disposition of the mines specifically gravel and sand passing through the station, I have a limited knowledge on rules and regulation on extraction of such products. As DENRO I will perform my responsibility according to the existing Laws and regulation.

II. RECOMMENDATIONS:

I recommend to conduct follow-up training for DENRO’s regarding the filing of case against the violator.

IV. POST LEARNING ACTION PLAN/PROPOSAL:

Proposed Plan/Activity/Output	Time Frame
Re-echo/cascading on Training attended to my team at Forest Product Monitoring Station-IV that was not attended on the training.	2 nd Quarter

Part 2 (To be prepared by the SUPERVISOR)

How will you support the post Learning Action/Proposal?

Have you discussed any concerns/resources needed by your subordinate so that he/she can effectively transfer the skills and knowledge gained from the training?

Would you be willing to send him/her again to other training/seminar/conference?

Yes / No Others

If yes, please specify courses.
