Dear mam,

As for now, we are still in the process of identifying the list lot numbers affected by the service contract area awarded by the DOE. The reason why we are requesting a cadastral map showing the boundaries of the lots (with the list of claimants of the lots if possible), barangays and municipalities affected from your good office. This is for us to identify the lot numbers.

If there are more concerns, you can reach me through my phone number 09171335484.

Thank you.

Regards,**Daisy**
