**MEMORANDUM**

**FOR :** The Regional Director  
Mines and Geosciences Bureau  
MIMAROPA Region

**FROM :** The OIC-PENR Officer

**SUBJECT :** REQUESTING APPROVAL FOR EXTRACTING  
AGGREGATES AND BOULDERS

Forwarded herewith is the request of Eng. Jimmy T. Nebreja, PM-MSGEE, PDO-IV dated April 26, 2023 regarding the above subject.

Accordingly, the Marinduqueño Sand and Gravel Economic Enterprise (MSGEE) are receiving request to identify and open new quarry sites in Torrijos and Sta. Cruz. They already identified four (4) potential sites having an abundant supply of boulders and aggregates materials.

In view of the foregoing, the MSGEE is requesting for comments and approval regarding the opening of new quarry sites.

For your consideration and further action.

**Subject : Requesting Approval for Extracting Aggregates and Boulders**

Dear Mam:

The Marinduqueño Sand and Gravel Economic Enterprise - **MSGEE** has long been receiving requests to identify and open new quarry sites in Torrijos and Sta Cruz area, considering the hauling distance from Balimbing and Sawi quarry.

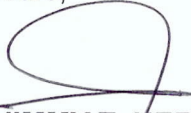

With these, we inspected and thereby identified the following site for having abundant supply of boulders and aggregate materials:

1. **Cabuyo River** in Torrijos (Sand, Gravel and Boulders)
2. **Tambunan River** in Boac (Boulders)
3. **Duongan – Bintakay in Mogpog** (Sand, Gravel and Boulders)
4. **Dawis River** ( Sand and Gravel)

The Provincial Ordinance No. 162 series of 2020 amending Section 5,6, and 12 of the Provincial Ordinance No. 149 s. 2019 allows to cover other source and river channels as may be identified by the LEE for the purpose, in coordination with the Department of Environment and Natural Resources (**DENR**) and the Department of Public Works and Highways (**DPWH**)

With these may we respectfully request your comments and approval regarding the extraction of aggregates and boulders on the above-mentioned sites.

Truly yours,

  
Engr. JIMMY T. NEBREJA  
PM-MSGEE, PDO-IV
