MEMORANDUM

FOR : The Regional Executive Director
1515 DENR By the Bay Building
Roxas Blvd., Barangay 668, Ermita, Manila

FROM : The Provincial Environment and
Natural Resources Officer

SUBJECT : **IST QUARTER ACCOMPLISHMENT REPORT OF LAND
ADMINISTRATION AND MANAGEMENT SYSTEM-PUBLIC
LAND APPLICATION**

Forwarded is the memorandum of CENRO Roxas, Palawan dated March 27, 2023 attached the report covering Ist Quarter accomplishment report of Land Administration and Management System-Public Land Application (LAMS-PLA) by LAMS focal person Bryan Rose Dela Cruz.

Subject report informs the completion of LAMS PLA activities in relation to migration of scanned and encoded PLA from previous data captured and the newly accepted PLAs.

Further informed for consideration are the issues and concerns encountered in the implementation of the online LAMS PLA system.

FELIZARDO B. CAYATOC

March 24, 2023

MEMORANDUM

FOR : The Community Environment and Natural Resources Officer
THRU : Chief Regulation and Permitting Section
FROM : The LAMS Focal Person
SUBJECT : **1st QUARTER ACCOMPLISHMENT REPORT OF LAND ADMINISTRATION AND MANAGEMENT SYSTEM-PUBLIC LAND APPLICATION**

Respectfully submitted is the 1st quarter accomplishment report of Land Administration and Management System Public Land Application Focal Person to wit;

- Migrated 6,505 of scanned and encoded PLA records from the previous data capture activity back up file of which was already submitted to the Regional Office-LMB Personnel before the Online Land Administration and Management System-Public Land Application training was held last February 22-24, 2023. The said back up file was used for Online LAMS-PLA system version;
- Scanned 23 carpetas of newly accepted Public Land Application from the month of January to March, 2023;
- Updated 134 approved PLAs from the previous year/s;
- Encoded and uploaded 17 carpetas of newly accepted Public Land Application and updated the allocation book for the month of January 2023. For February and March, PLAs transmitted to PENRO are not yet encoded and uploaded in LAMS-PLA system as advised by LMB-Personnel while they undergo system maintenance and updating of the new version of the system. They advised us to wait until the online system may accessed by field offices;
- Maintained and followed-up with the LMB-Personnel pertaining to the implementation of LAMS-PLA system;

As of today, Online LAMS-PLA system remains inaccessible because the system is still under maintenance. The LMB Personnel tried to remote sense and connect the computer that I am using but due to Electric Power Interruption and Slow Internet Connection (main requirements for operationalization of the Online LAMS-PLA) the activity failed. We are still waiting for the update and instruction from LMB Personnel regarding the matter. In addition, system generated transmittal of the said PLAs will not be provided since the system is not yet accessible. Attached is a system generated PLA Transmittal Report from PLA-Management Information System created by PENRO-Palawan supposed as proof of transaction. The said system is also being used for transmitting the PLA to PENRO-Palawan for approval and issuance of patent.

For information and records.
